DFS 'Part' Footy Scholarship

The DFS 'Part' Footy Scholarship offer includes priority and discounted access to our most popular development pathway programs to the value of over **\$650**

"Footy is better when you're with a mate"

Footy can be so much fun, especially when you have some mates involved. Some of the best memories are made when we're with our mates doing the things we love.

In addition to priority access to our development pathway programs, we are also offering you to invite a mate – who possesses the same ability, ambition and desire as you.

How good will it be to share this fantastic experience with a friend who loves footy.
